Young carers are children and young people aged under 18, whose lives are impacted, emotionally or physically, by the care they or others provide for a person who has a long-term illness, mental ill health, disability, substance misuse issues or is elderly & frail.

By signing this charter, The ASN Outreach Team agrees to:

- Appoint a Young Carers School Coordinator within our school who will have responsibility for working in partnership with the Young Carers Service to support young carers in school.
- Inform staff and pupils who the Young Carers School Coordinator is.
- Be aware of young carers’ circumstances and ensure their needs are met.
- Provide young people with information about young carers and how to access support and information from Stirling Young Carers Service.
- Deliver young carer awareness raising sessions for pupils, staff and parents.
